CHALKBOARD PAINT

BLACK 1007
GREEN 4001

Description: A solvent based flat paint containing an extremely fine abrasive powder to take the chalk "off the stick" and to provide a non skid surface for table tennis tops.

Properties: Holds chalked marks – cleans easily.

Uses: For coating hardboards, chipboards and other surfaces to provide an efficient chalkboard surface. For recoating existing chalkboards and to coat table tennis tops. Always "chalk" the coated and dry chalkboards before putting into use.

Surface Preparation: All surfaces should be clean and free from oil, grease and other contaminants. Previously painted surfaces should be sand papered smooth. Porous new surfaces should be sealed properly or undercoated.

Thinning: Not normally required. Use direct from the can. Use mineral turps if necessary for spraying.

Application: By brush, roller or spray. Apply two coats allowing at least 16 hours drying between coats.

Spread Rate: Approx. 16m² per litre, depending on porosity of surface.

Drying Time: At 25°C touch dry 2-4 hours; recoat after 16 hours.

Clean-Up: Clean all equipment immediately with mineral turps.

Standard Packaging: 1L. 500 ml 250 ml

Colours: Black and Green.
