RUNWAY MARKING PAINT - WHITE 0012 LEAD FREE YELLOW – 3009 BLACK – 1017 RED - 2010

Description: Runway Marking Paint is a water based quick drying non gloss co-polymer formulated specifically for airport line marking & meeting Department of Aviation specification DCA/AP/101.

Properties: Water based & environmentally friendly No pick-up time (ASTM D711-52) 15-30 minutes depending on atmospheric conditions. White & Yellow show high visibility against black or white pavement. Good flexibility. Does not allow bitumen bleed through. Excellent durability & resistance to chipping, abrasion & erosion. Passes approved skid test.

Uses: For line marking on airport runways, aprons & taxi ways & can be used on car parks shopping centres etc. Excellent when used as a line marking paint on sports ovals etc.

Surface Preparation: Grease & oil, loose & flaking previous paint coatings should be removed. Surface should be dry & swept clean & free of dust & grime. Grass surfaces should be cut short before application to extend the useful life of the lines.

Thinning: Apply direct as supplied by may be thinned with water to suit spray equipment.

Application: Brush, roller, conventional or airless spray. No primer is necessary but on new surfaces two coats are preferable.

Spread Rate: 12m² per litre = to 120m x 100mm

Drying Time: 15-30 minutes depending on atmospheric conditions & ground temperature. Recoat after 2-4 hours.

Clean-Up: Clean equipment immediately after use with water.

Standard Packaging: 20L 4L

Colour: White, Lead Free Yellow, Red, Black.
Aust Std colours available on request.
